"Iron Deficiency in Abnormal Uterine Bleeding"

Educational Objectives
At the conclusion of this activity, the participant should be better able to:

1. Describe the prevalence, natural history, and morbid impact of IDA in women suffering from AUB, and associated quality of life implications
2. Analyze current challenges impacting the appropriate care of women with IDA secondary to AUB
3. Apply current standards of care and available guidelines addressing IDA to the diagnosis and management of IDA in women with AUB
4. Utilize an effective therapeutic approach to address iron replacement in patients with AUB

Accreditation and Credit Designation Statements
Case Western Reserve University School of Medicine is accredited by the Accreditation Council
for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
