CONTINUING MEDICAL EDUCATION

"A Contemporary Molecular View of Diffuse Gliomas with Implications for Diagnosis" – 38764-38733

Date: February 11, 2020

Time: 12:00 PM-1:00 PM

Wolstein Bldg. Auditorium

Daniel Brat, MD, PhD

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1 Describe the genetic and clinical features of IDH-mutant and IDH-wildtype diffuse gliomas
- 2 Enumerate the molecular alterations that are associated with grade IV designation in IDH-wildtype diffuse gliomas
- 3 Understand which molecular alterations are associated with aggressive clinical behavior in IDH-mutant astrocytomas

Accreditation and Credit Designation Statements

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Planning Committee Disclosures:

This activity's planners have made the following disclosures:

Cobb, Brian (Faculty Planner) : Nothing to disclose

cui, min (Faculty Planner) : No Disclosure

Oduro, Kwadwo (Faculty Planner) : Nothing to disclose

Speaker Disclosure

This activity's speaker have made the following disclosures:

Daniel Brat, MD, PhD: Nothing to disclose
