CONTINUING MEDICAL EDUCATION

Cancer Center Seminar Series - 4/28/2023 – 53043-52449

Date: April 28, 2023

Time: 12:00 PM-1:00 PM

Wolstein Bldg. Auditorium

*Mark Jackson, PhD
Case Western Reserve University*

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1 Define how cytokine signaling in the tumor microenvironment (TME) can influence cancer and immune cell function
- 2 Identify how Oncostatin M signaling and Interferon-I signaling oppose one another to influence cancer and immune cell function
- 3 Define how shifting the balance of OSM and IFN-I signaling would alter the TME and improve current standard of care chemo- and immune-therapies.

Accreditation and Credit Designation Statements

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
