CONTINUING MEDICAL EDUCATION

Radiation Oncology Grand Rounds Lecture Series - Personalized chemo- and radiation therapy for patients without actionable mutations: predicting resp –53863

Date: June 22, 2023
Time: 12:00 PM-1:00 PM
Zoom

Jacob G Scott, MD, DPhil (Oxon)
Associate Professor and Staff Physician-Scientist
Cleveland Clinic

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1. Identify how response phenotypes can be derived from experimental data in cell lines
2. Examine how a genomic radiation response signature can be utilized to derive optimal radiation dosing using equations from radiation biology
3. Examine how the reach of personalized medicine can be extended beyond patients with actionable mutations

Accreditation and Credit Designation Statements

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosures:

All relevant financial relationships have been mitigated. This activity's planners and speaker(s) have made the following disclosures:

Table with 3 columns: Name of individual, Individual's role in activity, Name of Ineligible Company(s) / Nature of Relationship(s). Rows include Janice Lyons, MD and Daniel E Spratt, MD.
