CONTINUING MEDICAL EDUCATION

Pulmonary Critical Care Grand Rounds - Peripheral Lung Lesion Sampling Size Thresholds Across Legacy Electromagnetic Navigation System and Robotic-Assisted Bronchoscopy Eras – 56094-53871

Date: May 5, 2023

Time: 8:00 AM-9:00 AM

UH Cleveland Medical Center

Momen Banifadel, MD

University Hospitals Cleveland Medical Center

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1 Review the current literature on the available methods used to sample peripheral lung nodules.
- 2 Discuss the impact of having the Robotic-Assisted Bronchoscopy on sampling small peripheral lung nodules.
- 3 Discuss the results and the limitations of our retrospective study comparing traditional electromagnetic navigational bronchoscopy with superDimension v7.1 [Medtronic ©] (ENB) to robotic-assisted bronchoscopy [Monarch™] (RAB).

Accreditation and Credit Designation Statements

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
