CONTINUING MEDICAL EDUCATION

The Cytoskeleton as a New Checkpoint Control in Protective Immunity and Autoimmunity” . - 4/25/2023 – 57499-52439

Date: April 25, 2023

Time: 12:00 PM-1:00 PM

Other

*Neetu Gupta, PhD
Cleveland Clinic*

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1 Define how antibody-mediated immunity is generated
- 2 Discuss the regulation and spatial organization of B cell signaling by cytoskeletal proteins
- 3 Review how cytoskeletal proteins control differential outcomes of protective immunity and autoimmunity

Accreditation and Credit Designation Statements

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosures:

All relevant financial relationships have been mitigated. This activity’s planners and speaker(s) have made the following disclosures:
