The Menopause and Its Symptoms: Implications for Women's Cardiovascular and Brain Health

Rebecca C. Thurston, PhD

Director, Women's Biobehavioral Health Program

Professor, Department of Psychiatry

University of Pittsburgh School of Medicine

Pittsburgh, PA

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

1. Describe the incidence of hot flashes during the menopause transition
2. Explain the relationship between menopausal hot flashes and women's cardiovascular health
3. Discuss how sleep changes during the menopause transition
4. Summarize the links of sleep problems to women's cardiovascular health

Accreditation and Credit Designation Statements

- Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
- Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
