*Jae Cho, MD**University Hospitals Harrington Heart & Vascular Institute***Educational Objectives**

At the conclusion of this activity, the participant should be better able to:

- 1 Provide multi-disciplinary (Vascular Surgery, Cardiothoracic Surgery, etc.) consultation on specific patient cases through pre-operative review (dissection, aneurysm, rupture, recurrent disease and re-do surgery, etc.), particularly those requiring extensive pre-operative preparation or planning or involvement of multiple services in the procedure
- 2 Discuss operative decisions/treatment choices that could impact future aortic surgery/intervention after the planned index procedure
- 3 Develop collaborative relationships for partnering on complex cases involving both services
- 4 Develop protocols/guidelines for accepting and co-managing certain emergency aortic catastrophes
