Marion Were, MD
UH hospitals

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1 Discuss the evaluation and management of patients with difficult or unique diagnostic and therapeutic problems.
- 2 Apply a systematic approach to patient evaluation and management of behavioral and mental health issues.
- 3 Review current trends in research that may be translated into improving patient care within the clinical practice.
- 4 Develop new methods of teaching in a clinical practice.
- 5 Identify and apply the principles of quality and safety.

Accreditation and Credit Designation Statements
