

CONTINUING MEDICAL EDUCATION

Advances in Anatomic and Clinical Pathology - 5/23/2025 – 69066-65106

Date: May 23, 2025

Time: 12:00 PM-1:00 PM

UH Cleveland Medical Center

Sayeeda Yasmeen, MD Roswell Park Comprehensive Cancer Center

Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1 Evaluate the effect of specific antibody clones (Hercept & 4B5) and sample size (Core needle biopsy vs Excision) on determining Her2 status for invasive breast carcinoma in clinical practice
- 2 Explain the importance of re-interpreting the archived (historic) cases with current Her2 IHC interpretation guidelines for re-evaluating management decisions
- 3 Discuss the correlation of mRNA with Her2 IHC clones

Accreditation and Credit Designation Statements

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
