

CONTINUING MEDICAL EDUCATION

Interprofessional Lecture: Gestational Diabetes and DKA – 72078-71042

Date: June 11, 2026

Time: 12:00 PM-1:00 PM

Jasmyn A Gordon, APRN
University Hospitals
Educational Objectives

At the conclusion of this activity, the participant should be better able to:

- 1 Differentiate and Identify, the pathophysiology and diagnostic criteria of Gestational Diabetes and Diabetic Ketoacidosis. Identify key risk factors and early clinical signs requiring prompt evaluation in obstetric patients.
- 2 Develop and Implement evidence-based plan of care for GDM and DKA, including glycemic control strategies, pharmacologic treatment, and appropriate monitoring of maternal/fetal outcomes.
- 3 Educate patients on disease management and prevention strategies, and coordinate interdisciplinary care to reduce complications and support safe transitions for patients with GDMA and those at risk for DKA.

Accreditation and Credit Designation Statements

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 1.00 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
