OVERVIEW

This program is designed to update the optometrist on findings and management of anterior segment diseases based on current clinical trials, new class of glaucoma medications, published reports on the impact of cataract surgery on eye pressure in glaucoma patients, and clinical recognition of non-glaucomatous optic neuropathies. The program will include glaucoma, cornea, retina, pediatric and neuro-ophthalmology subspecialties.

LEARNING OBJECTIVES

- Discuss advantages and disadvantages of different imaging modalities
- Incorporate clinical trial findings into clinical practice
- Discuss the mechanisms of action, relative efficacy and side effect profiles of various classes of medications
- Explore the role of micro-invasive glaucoma surgery in patients with medically controlled glaucoma needing cataract surgery

WHO SHOULD ATTEND

The intended audience for this activity are optometrists and ophthalmologists who care for and manage cataract and glaucoma patients.

CREDITS

Participants will receive a certificate of attendance to submit to the Ohio Vision Professionals Boards for 3.5 continuing education credits.

POLICY DISCLOSURE

The policy of Case Western Reserve University School of Medicine CME Program requires that the Activity Director, planning committee members and all activity faculty (that is, anyone in a position to control the content of the education activity) disclose to the activity participants all relevant financial relationships with commercial interests. Disclosure will be made to activity participants prior to commencement of the activity. Case Western Reserve University School of Medicine CME Program also requires that faculty make clinical recommendations based on the best available scientific evidence and that faculty identify any discussion of "off-label" or investigational use of pharmaceutical products or medical devices.

This program will be supported by grants from industry. A complete list of supporters will be provided in the syllabus materials distributed at the meeting. Acceptance of funding in support of this program does not constitute endorsement of any product or manufacturer.
