Endoscopic Techniques in Bariatric Surgery

A Two Day Course with a Hands-On Lab

University Hospitals Cleveland Medical Center/Case Western Reserve University SOM
January 23-24, 2020

Please join Dr. Leena Khaitan and esteemed faculty for this CME course. It is designed to be an overview of the use of endoscopy in all aspects of bariatric surgery. Endoscopy has been an essential component of bariatrics at this institution, and through this course, attendees will learn that endoscopy is essential to a successful bariatric practice. **Attendees will learn advanced therapeutic endoscopic skills/techniques, how endoscopy can be applied in the care of the bariatric patient, and where endoscopy can be used both diagnostically and therapeutically.** The course is open to surgeons and gastroenterologists.

Register online at <https://cwru.cloud-cme.com/UHBariatric2019>

Early Registration (before December 31, 2019) -	\$550
Standard Registration (after December 31, 2019) -	\$650
