PROGRAM AGENDA

SPEAKERS

OVERVIEW

The latest developments in the care of ophthalmology patients will be reviewed. Learn more about how novel methodologies are improving patient safety and outcomes. This case-based symposium will have a particular focus on the advanced retinal subspecialty.

LEARNING OBJECTIVES

- Describe the pathogenesis and management of diabetic retinopathy and macular degeneration
- Assess what drug to favor and timing of use in conjunction with older technology
- Review drugs and surgical techniques on the horizon

WHO SHOULD ATTEND

The intended audience for this activity are community ophthalmologists.

ACCREDITATION STATEMENT

Case Western Reserve University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Case Western Reserve University School of Medicine designates this live activity for a maximum of 3.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credits commensurate with the extent of their participation in the activity.

POLICY DISCLOSURE

The policy of Case Western Reserve University School of Medicine CME Program requires that the Activity Director, planning committee members and all activity faculty (that is, anyone in a position to control the content of the education activity) disclose to the activity participants all relevant financial relationships with commercial interests. Disclosure will be made to activity participants prior to commencement of the activity. Case Western Reserve University School of Medicine CME Program also requires that faculty make clinical recommendations based on the best available scientific evidence and that faculty identify any discussion of "off-label" or investigational use of pharmaceutical products or medical devices.

This program will be supported by grants from industry. A complete list of supporters will be provided in the syllabus materials distributed at the meeting. Acceptance of funding in support of this program does not constitute endorsement of any product or manufacturer.
