UH Rainbow Center for Women & Children presents

ROOM TO GROW: UPDATES IN PERINATAL MENTAL HEALTH

This conference will highlight the often complex obstetrical and mental health care needs of vulnerable patient populations during the transition from pregnancy into early parenting. The program will consist of engaging lectures with relevant case presentations by experts interspersed with brief presentations highlighting local programs working in innovative ways to address unmet needs in our community. Topics will include mental health screening in obstetrical settings, psychopharmacology in the perinatal period, trauma-informed obstetrical practices, health care disparities, and maternal mental health and substance use disorders during and after pregnancy.

Friday, November 22, 2019
